

This week we plan to...

- Start our new topic '**Growing and Changing**'.
- Read '**Once there was a seed**' and discuss what plants need to grow.
- Watch a bean-lapse video and discuss the changes we can see.
- Sing '**Here we go round the mulberry bush**'.
- Plant two sunflowers for our class, 1 in a light place, 1 in a dark place and make predictions as to what we think will happen to them.
- Order the lifecycle of a sunflower. What happens first or last.
- Paint a picture of a sunflower and discuss their features e.g., stem, leaf, flower.
- Learn all about the concept **short**. Who has short hair in Nursery?
- Investigate different patterns on clothes or objects around Nursery e.g., spotty or stripy.
- Continue to explore **alliteration**. What does it mean? E.g, brown bear, pink pig, shiny sheep, dancing dolphin.
