

This week we plan to...

- Continue our topic of '**Let's go wild!**'
- Read '**Arctic animals**' and discuss facts learnt. How do animals keep warm?
- Discuss what it would be like to visit the Arctic. What clothes do we need? Would you like it? Why?
- Explore ice and watch it melt. Talk about the changes we can see. How could we melt it faster?
- Learn all about the concept **some**. At snack time, talk about who has **some** drink or food and who does not have some.
- Review our numeral recognition by sight. Can we recognise numeral 7 by sight? What is 1 more?
- Order numerals 1-10 starting with the smallest number.
- Record numerals. Can we write our numbers using the number rhymes to help us e.g., 'round the tree, round the tree, that's the way we make a 3'.
- Continue to practice our Fred Talk by playing Fred Games e.g., Fred went to the farm and he saw a p-i-g pig.
