

This week we plan to...

- Continue our new topic '**Mad about Animals**'.
- Read '**Arctic animals**' and discuss facts learnt. How do animals keep warm?
- Explore ice and watch it melt. Talk about the changes we can see. How could we melt it faster?
- Discuss what it would be like to visit the Arctic. What clothes would we need? Would you like it? Why?
- Learn all about the concept **back**. When lining up talk about who is at the back.
- Review our numeral recognition by sight. Can we recognise numeral 7 by sight? What is one more?
- Order numerals 1-10 starting with the smallest number. When one number is removed, can they identify which numeral is missing.
- Continue to practice our Fred Talk by playing Fred Games e.g., Fred went to the farm and he saw a p-i-g ... pig.
