

Comberton Update

13.02.2026

**Comberton
Primary School**

*A caring community
for all to shine*

It's been a half term filled with so many exciting learning opportunities both in and out of the classroom. There have been trips and visitors galore and we love watching your children thrive in different environments. Thank you to all of you who attended parents evening this week and for your ongoing support. Thank you to all the staff for your continued hard work and efforts. Have a wonderful half term everyone!

Attendance

Years 1-3 Class Winners – Year 2 – Mrs Heath. 95.7% 3rd week in a row! £100 winners!

Years 4-6 Class Winners – Year 5 – Mrs Bennett 97.2% 2nd week in a row!

Congratulations and keep it up!

Learning

Art and DT have continued to feature in every classroom this week as children worked towards their final pieces and products. Year 6 cooked their vegetable stews inspired by recipes from across different continents. The children were (mostly) keen to try their creations and evaluate their success! Year 4 have created their final drawings inspired by Goya, Years 1 and 3 have created their collages inspired by Arcimboldo and Year 3 have been busily sewing their lovely cushions!

To celebrate National Inventors Day, Mrs Patel (our DT lead) took a group of creative thinkers to take part in a STEM challenge with the residents of Brook Court Care Home where they were trying to build the strongest bridge from newspaper.

A group of KS2 pupils took part in an inclusive Primary Panathlon event with several other schools from across the Wyre Forest Schools Sports Partnership.

Year 4 had a fantastic day at the Think Tank exploring all the different interactive displays and games to deepen their scientific knowledge. They were enthusiastic and inquisitive and were really inspired by the electricity workshop which has set the foundations for their next science topic.

Years 1 and 2 enjoyed a wonderful visit to Warwick Castle to bring their history learning to life. They explored the castle, heard from a real knight and watched the amazing birds of prey display. The staff were so proud of their conduct all day.

Children in Reception enjoyed their visit from Banardos to talk about dental hygiene. The children listened to the story of 'The Selfish Crocodile' and practised brushing the crocodile's teeth, sequenced pictures of a brushing teeth routine, sorted healthy and unhealthy foods and cleaned the dirty teeth!

Safer Internet Day Competition Winners!

Well done to all the children who entered our Safer Internet Day competition to design a poster outlining the benefits and risks of AI. Our digital leaders had a tricky job to choose the winners but we are delighted to announce that they were: Nyla, Lily and Eva. (Y5)

National Inventors Day Challenge

To celebrate National Inventors Day on 11th February, children are invited to design an invention inspired by an animal or created to help an animal. Entries should include a drawing and a simple explanation. Prizes will be awarded for EYFS/KS1 and KS2. Completed entries can be handed to class

teachers. Deadline: Friday 27th February.

Children's Mental Health Week

As part of Children's Mental Health Week, our Wellbeing Champions led a session around 'belonging' with Y3 pupils as the theme of the week was 'This is my Place'. The Wellbeing Champions did an excellent job in their teaching roles and the children created their own fantastic 'belonging island'. All pupils in school have also participated in assemblies around the theme.

Start of day Reminder

We are seeing an increasing number of children arriving on site really early. The school day begins at 8:45am and therefore children should not be arriving on site until 8:30am at the earliest. Many children are unaccompanied and this is a very long time to wait around without a staff member supervising. Thanks in advance for your support.
