

# Fraction Art

Colour in the squares in the 100 chart to create a piece of art. Record the fraction, decimal and percentage amount of the colours you used.

| Colour | Fraction | Decimal | Percentage |
|--------|----------|---------|------------|
|        |          |         |            |
|        |          |         |            |
|        |          |         |            |
|        |          |         |            |
|        |          |         |            |
|        |          |         |            |
|        |          |         |            |
|        |          |         |            |
|        |          |         |            |
